FIVE INTERESTING AFRICAN GLADIOLUS SPECIES THAT HAVE WON MANY RIBBONS AND MUCH ATTENTION AT HORTICULTURAL HALL, BOSTON

	Price per 10	
	Large	Medium
Psittacinus (Parrot's head) red and yellow hooded	\$1.50	\$1.00
Dracocephalus (Dragon's head) green, veined purple90	.50
Primulinus , primrose yellow, hooded	2.00	1.00
Cooperii , variety of Psittacinus, very beautiful	2.00 per bulb	
Quartinianus (Bright Red) plant very early	1.00 per bulb	

For many years the growing of the Decorative type of Gladiolus (and a few African species) has been my hobby and it is a pleasure to note an ever increasing interest in the Decoratives not only in England and Canada but also all over the United States. All Gladiolus shows now provide many classes for the Decoratives. The Decoratives and the African species are delicate and very beautiful and attract much interest and attention whenever shown.

I do not grow Gladiolus as a business proposition and do not have bulbs to sell at wholesale. Bulbs from this list amounting to \$12.50 may be had for \$10.00 or bulbs amounting in value to \$30.00 may be had for \$20.00.

ALL ORDERS PREPAID — MINIMUM ORDER \$2.50
